The Board of Education believes pupils and/or school staff members should not be subject to having a video or audio recording taken of any pupil(s) or school staff member(s) for any purpose without the consent of the pupil, the pupil’s parent or guardian, and/or the school staff member. In addition to protecting the privacy rights of pupils and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, pupil assessment instruments, and/or pupil assessment reviews can be used to compromise the integrity of the district’s educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other pupils. Therefore, the Board of Education adopts this Policy regarding pupil use of electronic communication and recording devices.

“Electronic communication and recording device (ECRD)” includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information.

A pupil is not permitted to have turned on or use an ECRD on school grounds during the school day or when the pupil is participating in a curricular or school-sponsored co-curricular activity. A pupil’s personal ECRD may only be used on school grounds in an emergency situation or with the permission of a school staff member supervising the pupil in a curricular or school-sponsored co-curricular activity. Any audio and/or video recording by a pupil using their personal ECRD with permission of a school staff member while participating in a curricular or school-sponsored activity where other pupils or staff members are present shall require the permission for such recording from any other pupil and their parents or guardians and/or staff members whose voice or image is to be recorded. This Policy is not intended to prohibit appropriate use of electronic devices for authorized or approved official curricular or school-sponsored co-curricular activities such as yearbook photographs, staff member/teacher-directed and approved activities, classroom presentations, and athletic events and drama production filming. A pupil authorized or approved to use an ECRD may not use an ECRD to access internet sites or view information or internet-based material that is inappropriate or would be blocked.
USE OF ELECTRONIC COMMUNICATIONS AND RECORDING DEVICES (ECRD) (M)

from pupil access by the school district’s acceptable use of computers and networks policy. Nothing in this Policy is intended to prevent a pupil from using their personal ECRD and recording school-sponsored co-curricular activities as a non-participant when the activity is open to the general public.

For the purposes of this policy, “school grounds” means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. “School grounds” also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the pupil will be subject to appropriate disciplinary action.

Electronic devices such as music/audio players, MP3 players and IPods will be permissible during the lunch period and passing in the hallways. However, cell phone usage is only permitted before/after school and during lunch periods.

Additionally, to enhance the safety consciousness of all staff and pupils throughout the building, and maintain the security of the building and its operations, headphones are prohibited when IPods and MP3 players are being used. Therefore, students must use ear bud type listening devices only and students may only have one ear bud in during use. Failure to comply with this simple request will result in disciplinary action due to insubordination.

Furthermore, electronic device usage in the classroom is at the discretion of each individual teacher. Therefore, electronic devices will only be permitted at the teacher’s direction and used for academic and educational purposes only. Moreover, unless otherwise directed by the teacher, all electronic devices should be on silent, powered off, and out of sight. Electronic devices being used, displayed, or turned on without authorization of the individual teacher in charge will result in disciplinary action.
USE OF ELECTRONIC COMMUNICATIONS AND RECORDING DEVICES (ECRD) (M)

The disciplinary actions taken will depend on the number of offenses the student accumulates over the course of the school year.
