**PRESCHOOL CHILDREN
AND STUDENTS
(three through twenty-one)**

Parents of students ages 3 through 21 who suspect that their child has a physical, social, emotional, or learning disability that is impeding normal growth and development, should contact their local school district. The Child Study Teams from Harrison Township, Mantua Township, and Clearview Regional School District provide free diagnostic evaluations for children who are suspected of being disabled.

The outcome of this evaluation determines a student's eligibility for special educational services. Parents with questions or particular concerns about their child should contact their respective Child Study Team office.

The telephone numbers are listed on the back of this brochure for your local Child Study Team.

**PROJECT CHILD FIND
1-800-322-8174**

Project CHILD FIND is a free referral service and public awareness campaign to assist in the identification of unserved/underserved youth with a delay or disability from birth through twenty-one years of age.

In addition, **Project CHILD FIND** develops and distributes information to the public about early intervention services and special education programs throughout New Jersey.

Project CHILD FIND'S comprehensive efforts include:

1. Assisting families of infants and toddlers, **birth through two**, concerned about their child's development by directing all requests regarding **early intervention** to the family's local Special Child Health Care Management Unit. If you need the number for your Special Child Health Case Management Unit, call:

**Project CHILD FIND
1-800-322-8174**

2. Assisting families of preschoolers, **three through five**, concerned about their child's development by directing requests to their local school district.
3. Helping families access community services through referral.

**PROJECT CHILD FIND
(continued)**

4. Promoting community and public awareness of all children with disabilities by providing information.
5. Assisting local school district boards of education to identify unserved children from ages **three through twenty-one** who are in need of special education and related services.

Information through **Project CHILD FIND** may be obtained by calling the toll-free number 1-800-322-8174, which is in service 7 days a week, 24-hours a day. All calls received are confidential.

Project CHILD FIND was established by the New Jersey Department of Education through I.D.E.A. Part B funds from the U.S. Department of Education.
