Disposal of Textbooks No Longer Being Used

Revision of Grading Formula for Middle School English Language Arts and Mathematics Labs

Approved to revise the grading formula for the Middle School English Language Arts and Mathematics Labs to Pass/Fail: Limited Command (1 point), Satisfactory Command (2 points) and Effective Command (3 points). Rationale for change: Previously, grades for the Middle School Mathematics and English Language Arts Labs were numerical until the end of the grading period and then converted to Pass/Fail. Because students in these classes are identified as At-Risk, a more supportive growth approach without suggesting failure is recommended. This allows a numerical value to work with PowerSchool and shows students and parents a descriptor that indicates progress. At the end of each marking period, these grades will still be translated to a Pass or Fail grade. Reported grades (P/F) are commensurate with the district’s established minimum grades for passing.
